

OEM Integration Made Simple

Ford and Autosoft

Comprehensive integration leads to the maximum performance. Autosoft is certified by Ford to integrate seamlessly with its dealer communications system. Exchange data quickly and securely *while increasing visibility, efficiency, and compliance across your business.*

Sales

eREACT | New and used vehicle sales, parts sales, and parts information is transmitted to Ford (participating dealers only).

eCONTRACTING | Submit eContracts directly from Autosoft to RouteOne for deal processing.

Service

Ford One Warranty Solution | View and print Ford concern codes, review warranty claims created in Autosoft prior to submission, pull claim transaction summaries, and view data for paid claims.

OASIS | Retrieve vehicle information and history from Ford.

Labor Time Guides | View and select Ford's labor operations for specific repairs and add to ROs in Autosoft.

eREACT | ROs are transmitted to Ford (participating dealers only).

Ford SMARTT Appointments | Autosoft Service Schedule allows customers to schedule service appointments online.

Parts

Ford Parts Interface | Generate a parts order download file, receive parts orders into inventory, and access the Ford DOW login screen.

E-Catalog Advantage | Build a shopping list within the e-catalog and transfer it to the Parts Queries screen in Autosoft.

eREACT | Parts information is transmitted to Ford (participating dealers only).

Accounting

Financial Statements | Compile, prepare, print, and download financial data from the general ledger and transmit it to Ford.

Factory Receivable Statements | Warranty claim payments are retrieved from Ford and pulled to the Factory Receivable Statement posting screen in Autosoft, eliminating manual input.

"We engineered iron-clad integration between Autosoft and Ford dealer systems so no transaction will ever fall through the cracks — proof that we are committed to our dealers' success."

Bryce Veon, President & CEO, Autosoft
