

# OEM Integration Made Simple

## ***Kia and Autosoft***

Comprehensive integration leads to the maximum performance. Autosoft is certified by Kia to integrate seamlessly with its dealer communications system. Exchange data quickly and securely *while increasing visibility, efficiency, and compliance across your business.*

### **Sales**

**Kia RDR** | Transmit retail delivery reports to Kia.

### **Accounting**

**Financial Statements** | Compile, prepare, and print financial data directly from the general ledger, and generate a monthly financial statement that you can upload to Kia.

### **Service**

**Kia Warranty** | Transmit warranty claims to Kia.

**Kia VIN Inquiry** | While writing the repair order, retrieve and view vehicle service history.

### **Parts**

**Kia Parts Interface** | Download parts orders and parts returns generated in Autosoft without rekeying information.

“We engineered iron-clad integration between Autosoft and Kia dealer systems so no transaction will ever fall through the cracks — proof that we are committed to our dealers’ success.”
